Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
------------------	---------------------

1	Lower attainment and slow progress rates made by pupil premium/disadvantaged children at their starting point. The children have gaps and misconceptions and find it difficult to retain/recall prior knowledge.
2	Pupils and their families have social & emotional difficulties, including medical and mental health issues.
3	Pupils have limited experiences beyond their home life and immediate community.
4	Lower attendance and persistent absenteeism of PP/disadvantaged children.
5	Pupils are subject to Social Care support and involvement
6	A new cohort of children have EAL and need additional support with vocabulary development and technology access

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>Disadvantaged pupils maintain at least the standard of attainment they achieved at the end of the previous year (Reading, Writing and Maths) and previous key stage; those who have 'fallen behind' make accelerated progress and 'catch up' or exceed prior attainment standards.</p> <p>To ensure fallen behind children receive targeted high-quality intervention monitored by senior leaders.</p>	<p>End of summer 2022 and 2023 data will show that 95 – 100% of disadvantaged children have made expected progress from the previous summer.</p> <p>End of summer data will also show that 10% – 20% of disadvantaged children will have made accelerated progress.</p> <p>Analysis of interventions will show that interventions have had a positive impact on the disadvantaged children's learning and has helped in accelerating their progress.</p> <p>DA data will show accelerated progress.</p> <p>DA provision is reviewed as a result of regular assessment.</p> <p>Staff meeting schedule includes one DA meeting per term.</p> <p>DA governor is fully informed on teaching and learning of DA.</p> <p>Standards committee have a good understanding of DA data.</p>

	<p>High attaining DA pupils make and or exceed expected progress in all subjects.</p> <p>Targeted training for all staff based on closing the gap for DA pupils.</p> <p>DA pupil Lead meets with SENDCo to discuss pupils in both cohorts.</p> <p>DA Lead/SENDCo to weekly visit classes to monitor and offer advice related to specific pupils/groups.</p>
<p>Pupils and families with identified social, emotional or health needs are well supported by school staff so that the needs are removed or alleviated.</p>	<p>CAFO/SENCo and Head teacher identify and support families and children and work to alleviate barriers to learning.</p> <p>Identified children are invited to Wrap Around Care, Lunch Clubs, ELSA, additional nurture, positive play and collaboration (PE Interventions), Play therapy and Lego Therapy sessions with support staff and teachers.</p> <p>Identified children are given whole school responsibilities and mentors, buddies, councillors.</p> <p>Vulnerable disadvantaged children are also allocated a PP mentor (SLT), who will meet with them regularly and provide support/alleviate barriers.</p> <p>Pupil and parent questionnaires will show that parents and children of disadvantaged families feel supported and additional barriers alleviated where possible.</p> <p>Regular CAFO support of families/parents/carers.</p> <p>MHST referrals and intervention have taken place for identified pupils and families.</p>
<p>Pupils have a breadth of experiences that enable them to contextualize their learning. School will deliver an engaging, broad and varied curriculum.</p>	<p>The Grange Curriculum will provide pupils with exciting, varied and breadth of learning.</p>

	<p>Pupil questionnaires will show that children enjoy school and are enthused to learn more.</p> <p>We will have instilled a love of learning in all children.</p> <p>Teachers and support staff will plan a wide range of visits/WOW events/experiences to inspire/enhance learning and make it memorable.</p> <p>Each year group will spend allocated funding on providing WOW days and events which excite and enthuse children to learn across all subjects.</p> <p>Children will be exposed to a wide range of social, cultural, enrichment and sporting experiences within (and outside) the school day.</p>
<p>All disadvantaged pupils will meet national expectations for attendance/persistent absence.</p>	<p>Disadvantaged pupils will match or exceed national attendance averages for non-disadvantaged pupils (96+%).</p> <p>Monitoring of attendance by Head teacher brings about an increase in PP pupils' attendance and a decrease in persistent absence.</p>
<p>Disadvantaged pupils who are known and or supported by outside agencies will be supported in school as per their plans.</p>	<p>Teachers seek advice from Disadvantaged Lead relating to any specific concerns related to specific Disadvantaged pupils.</p> <p>School proactive in delivering the outside agency plans</p> <p>Regular CAFO support of families/parents/carers.</p>
<p>All pupils will have access to technology to support their learning.</p>	<p>100% pupils who require a loan of a laptop will access one.</p>

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the **2021 to 2022** academic year.

The Grange CP School 3 Year Pupil Premium Strategy Plan LONG-TERM PLAN 2022-2024

- Effective teaching through CPD and curriculum development-
- The most important factor for attainment and progress is effective teaching. We prioritise staff development through quality teaching and support sessions.
- Focus on English- specifically phonic, writing and reading skills
- Children need to be good readers to succeed not just in literacy but to access the wider curriculum. A priority within our local context of a growing percentage of EAL pupils and refugees.
- Focus on mathematics - specifically developing problem solving and reasoning skills
- Children will develop their confidence and fluency skills in mathematics. Pupils should become fluent in the fundamentals of mathematics, including through varied and frequent practice, so that pupils develop conceptual understanding and are able to recall and apply their knowledge rapidly and accurately to problems.
- Focus on ensuring all pupil premium pupils have access to the full range of educational experiences and activities by helping them to remove financial barriers
- Support family social, emotional and mental health by CAFO.

Barriers to learning these priorities address

- Ensuring staff apply new approaches and strategies in their lessons and wider approaches to developing the curriculum.
- Encouraging wider reading and reading for pleasure and supporting families who have difficulty in supporting their children.
- Ensuring class teachers and support staff use evidence-based interventions.
- Encouraging problem solving and reasoning skills and supporting families in being able to understand and develop this approach.
- Family and pupil mental health

Evaluate the impact of the support programs.</p>					

- We revised the long term and medium-term planning and have worked to develop subject leadership using a whole school common thread, the curriculum vision, SIP, appraisal targets and identified next steps required to develop their role. Year groups have amended their planning in the summer terms and will continue to amend across the year.
- Team teaching opportunities took place across the in spring or summer, we have rescheduled this to continue for the next academic year.
- Booster sessions were carried out in all year groups based on assessment data at both points that child returned to school after COVID absences. Staff attended of a variety of online training using the available online opportunities provided by RWI and the National College.
- Staff reviewed the SIP in the summer term and identified the need for more training on the teaching of reading and writing and team-teaching opportunities and demonstration sessions.
- Evaluation of support programmes indicate that MyMaths, Oxford Owl etc were effectively used across the disrupted period of learning. End of year data indicates the following for pupil premium pupils:

<p>Review Autumn term 2022</p>	<p>Hamilton and Third Space training has been booked across the academic year 2022-23 as a refresher to staff as well as an introduction for new staff. During lockdown the online maths programs were very useful as a supporting tool.</p> <p>Pupils were encouraged to participate in online mathematics activities.</p> <p>An additional mathematics program continued to be implemented for targeted PP pupils and data indicates that 100% of participating pupils made progress. On average 66% of their baseline identified gaps were closed even though the intervention did experience disruption.</p> <p>We took part in the optional Year 4 multiplication check and highlighted improvements needed to be made ahead of next year's check. Data indicated that the year group mark average out of 23 was 17.3.</p> <p>Parental feedback on the live and pre-recorded lessons indicated that they were very beneficial in helping them to understand strategies and approaches and we will continue to use this as a supporting tool on Google Classroom going forward.</p>
